

Focus Advance

Focus Advance helps ServiceNow customers accelerate their journey beyond their initial Service Management implementations. As a ServiceNow Gold Status Sales & Services partner, Focus Group Europe are experts on both the sales benefits and implementation best practises for all ServiceNow platform products. We have worked with many different organisations to help them understand how to continue to transform their business utilizing Focus Advance and the full extent of the ServiceNow platform.

If you have want to expand ServiceNow to other areas of your business using the Application developer or are looking to understand the benefits of the wider ServiceNow platform products like Discovery, Orchestration or Performance Analytics then Focus Advance is right for you.

Benefits:

-  Work with a ServiceNow Gold status partner
-  Unlock new ServiceNow functionality
-  Identify license and implementation cost
-  Lower risk & maximise ROI
-  Successfully deploy new applications
